

## **Odyssey Charter School Before and After Care**

Familiar faces, a nurturing environment, and a caring attitude are little things that make up the Before and After Care community at Odyssey Charter School.

We meet the needs of our families by providing convenient, quality childcare for Grades K-5.

A qualified childcare teacher provides our extended day students with the continuation of guidance and attention they receive daily in their OCS classrooms.

Each day, supervised homework time and age appropriate indoor and/or outdoor activities will be a part of your child's balanced, extended day experience. **Also, a healthy snack will be provided in the afternoon.**

### Before and After Care Program

Odyssey Charter School offers an extended day, Before and After Care Program. The program not only offers supervision that is safe, fun, and caring, but also offers a stimulating environment for our students.

The children will participate in a variety of age-appropriate recreational activities including arts & crafts, games, story time, and both indoor and outdoor activities. Children attending the After Care portion of the program will also have an opportunity to fulfill their school responsibilities with daily, supervised homework time.

Our team of talented and experienced childcare teachers are committed to the goal of our program. Our goal is to provide our students the best possible care in a stimulating and enriching environment while instilling a lifelong love of learning.
